Open Data / Big Data

Global Changes in how we see information

The screenshot shows the Queensland Government data portal. At the top, there is the Queensland Government logo and the text "Queensland Government". Below this is a search bar for "Queensland Government data" with a search icon. A navigation menu includes links for Home, Dataset categories, Request data, About, Contact, Data event, and Maps and geospatial. The main content area features a "Premier's message" with a photo of the Premier and a "Search datasets" section with a search bar and a magnifying glass icon. Below the search bar, it states "There are 207 datasets that you can browse, learn about and download." There are also sections for "About the open data revolution" and "Latest datasets" with a list of updated datasets.

About the open data revolution

The Queensland Government will release as much public data as possible, free to anyone who wishes to use it. This data has been gathered using public money and is the property of the people of Queensland and so, where suitable, we will release it.

As a government we collect, generate and use a lot of data which can deliver real benefits to the Queensland

Latest datasets
